

## Building Success Through Challenge and Teamwork

## Activity

### Rules:

*Remove the contents of the waste bucket into the empty vessel by:*

- Staying at a safe distance outside of the boundary.
- Not touching the bucket and its contents.

### Objective:

*Discuss strategies*

*Organise Ideas*

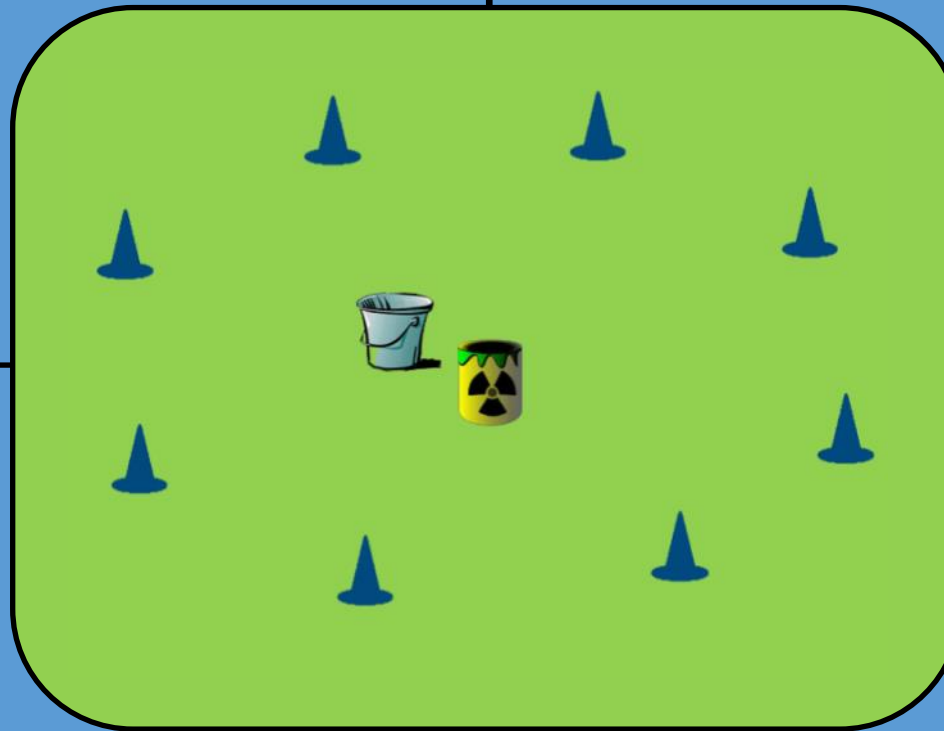

*Execute Plan*

*Reflect and Revise*

*Execute Plan*

### Equipment:

- Markers (or something to mark a perimeter approx. 5 meters in diameter).
- Ropes x 3-5 (must be longer than the diameter of the marked boundary)
- Bucket (vessel) x 2
- Toxic waste (objects that will fit into the bucket i.e. tennis balls, bean bags etc.)

### Debriefing Questions:

*What did the group do well to complete the task?*

*Were there any difficult moments during the challenge? How did the group react?*

*When the group was working well, what was the attitude of the members?*
